## WHERE IS MY

## WIGGLY ANEMONE?

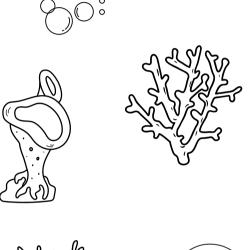

Orestis the Clownfish lives in a sea anemone.

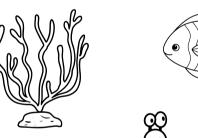

They help each other. What do you do to help a friend?

Help Orestis find his anemone! Draw a path to help him find the way home.

Leave corals and anemones in the sea!

WHEN ORESTIS IS BACK, stand softly. Wiggle your body gently from side to side, like an anemone swaying in the water!
