

Water Safety Key Facts

2 Million children left primary school **unable** to swim in 2022 in UK.

Most **common** cause of drowning is **not** knowing how to swim.

Globally drowning is the **third** cause of unintentional death.

Bathtub, bucket, pond, stream or sea: **Wherever** there is water there is a risk of **drowning**.

Let's learn to swim. Swimming is the only sport to save lives.

5-minute starter:

read it together, then name three safe behaviours you'll try this week.

Discuss:

where do we meet water? what looks safe vs. unsafe? who can help?

Set goals:

"I will wear a life jacket on boats"
"I will learn to float on my back."
